

Bobbie Forgacz

I have had no formal training as an artist. I like to dabble in many different forms of art, from oil painting to stained glass. I started painting BC (before children) and stopped to raise my family. I picked up my paint brush again in the mid 90's.

I have recently started painting fabric, which I find to be quick and fun. The following are some examples of the fabric art:

T-Shirt

T-Shirt

Apron

Some Additional Artwork:
