Portrait Workshop: We get together to practice drawing the human face. The event is led by Trish Jedrick & Kathe Kline. Here's how it works: When you check in, your name is put in a hat. If your name is drawn, you'll sit in a chair, and be our model for 15 minutes. There is very little formal instruction. We just draw. After 15 minutes we stroll around the tables, look at each other's efforts and share techniques and impressions. It's no-stress fun.

Level : **All members of the AAA club are invited. Registration is necessary. You are welcome to bring your own refreshments.**

Limit: **12**
